

## **Animal Behavior Associates, Inc. Announces Publication of Online Newsletter and Expanded Website Services**

More and more people are turning to the Internet for information about pet behavior. Quality information can take time to find, and it's easy to become frustrated and overwhelmed by the quantity of conflicting material. To help meet the need for reliable, trustworthy information, certified applied animal behaviorists Drs. Suzanne Hetts and Dan Estep, co-owners of Animal Behavior Associates, Inc. in Littleton Colorado have created an online newsletter, **Pet Behavior One Piece At A Time**. This is a free, monthly ezine for people who want the best, most up to date information about pet behavior. Each issue tells you how to be positively proactive to prevent problems, reveals secrets that let you see the world through your pets' eyes, and gives you new insights on your pet's behavior problems.

Prepublication response from subscribers has been overwhelmingly enthusiastic:
